SHORT METRE-ILLOGICAL OBSERVATIONS FOR THE WEAR.

December.

Monday, 24.—Explosion of the Locomptive "Farewell," in Boston. The "tender" remained behind to witness the parting. Peace to its makes.

Tuesday, 25.—Christmas-Day. All the children get up with empty stomachs and full stockings, and go to bed with the condition of the stockings and stomachs reversed. Wednesday, 26.—A critic in Chicago objects to a trial scene in one of the theatres, where the jury is represented by three ballet girls. He thinks it too much of a trial for the girls.

Thursday, 27.—President Johnson receives a present from one of the F. F. V.'s, of a cane, made from the wreck of the irleate "Constituin order that he may retain a small part of the Constitution in his possession.

Friday, 28.—Meeting of distillers at Willard's
Hotel, Washington. Spirited resolutions were
passed, as was also the decanter, which
coused all the members to "smile."
Saturday, 29.—Shills Column Day. The
Editor celebrates the centennial analyersary of
the Supper Table Series by a series of drawings, including the drawing of his pay on the
spot.

"LET HIM SLIDE."

News comes to us that President Johnson is going to open the new Skating Park at Washington to-day on skates. We hope the President will not open it so wide that he will go in, but that he will keep right end up, which is quite a difficult matter to one so used to back sliding.

THE NIGHT AFTER CHRISTMAS. Twas the night after Christmas, when all through the house

Every soul was a-bed, and as still as a mouse; The stockings (so lately St. Nicholas' care) Were emptied of all that was estable there: The darlings had duly been tucked in their beds, With very full stomachs and pains in their hends:

Before outraged nature all went to the wall, Yes, Lollypops, Flapdoodle, dinner and all. Like pellets which urchins from pop-guns let fly, Went figs, nuts, and raisins, jams, jelly, and pic, Till each error of diet was brought to my view. To the shame of mamma, and Santa Claus too. I turned from the sight, to my bedroom stepped back.

And brought out a phial marked "pure ipecac," When my Nancy exclaimed, for their suffering shocked her.

"Don't you think you had better, love, run for

A SINGULAR AND PLURAL NOTICE.

To go to a Railroad Station, or the Directors of a Railway line, to learn the rules of the company, would be reckoned a very proper thing to do, but when the company mangles-we will not say murders-the 'King's English" in the manner it is done in the following placard, posted up in the waiting-room of our Lane, it makes us feel that we are thrown upon our own resources, and must re-ort to our never-failing Yankee acquirement of guessing, to learn what is meant:-

Notice. EACH PASSENGER MUST HOLD AND SHOW THEIR TICKETS
BEFORE PASSING THROUGH THE GATE

And we will add in the same vein a bit of advice:-We hope the President will put their hats on, and the Directors will put his on, and he will both walk down to the waiting-room, and ask the ticket clerk if they will show him the amount of their receipts for tickets sald on his next day of meeting. By order of the

It is said by some that it is a sin the way the railroad companies tax the public, but our com pany does not do that. Their Syn tax is harder upon themselves than upon their patrons, as is witnessed by the above "Notice."

[ADVERTISEMENT.] FOR SALE -One 300 Gallon Worm. Also, one Heater and Doubler, Apply at No. 1431 Market street.

Here is a chance for Barnum-a "306 Gallon Worm!" This must be an embodiment of all the Square worms into one, the plan adopted by them for their mutual safety against the war made upon them every sum by the City Councils. Also, a "Heater and Doubler." We would be rather afraid of him; wouldn't want him to "double" on us. We hope some enterprising New Yorker will buy these reptiles. We don't want them here.

OUT ON THE "FLY."

Thirty persons were fined for snow-balling in Lynchburg, Va., last Monday. We wish we had some Lynchburg justice here during the baseballing season. We think the city could greatly improve its finances by putting a wholesome fine on the "first" and "second nines" of the various clubs of men that infest the suburbs of our city in their season.

MANAGING THE MAILS.

Nearly all of the Post Offices in Texas are managed by women, and their management gives general satisfaction-punctuality and despatch being secured by it. We find this in an exchange, and we believe it. Nothing like a woman for managing the males,

A CASE OF RATIOCINATION.

Aman in Cincinnati, whose premises were overrun with rats, caught one, dipped it in red paint, and then let it go. The other rats then disappeared. They didn't think themselves fit company for one so well red,

A COW CHEWS TO DIE.

A story is told of a cow in Hartford, Connecticut, esting four pounds of tobacco. She 'chewed the guid of sweet and bitter fancies" to her sorrow.

-As you are aware, writes a gossiping Paris correspondent, the accouchement of Princess Clothilde, wile of the Prince Napoleon, is hourly Clothilde, whe of the Prince Napoleon, is hourly expected. Lettres de faire part are already prepared for the members of the Imperial family and the Miolsters. There are but twenty persons destined to receive this honor, whereas in the case of ordinary mortals these missives are despatched to all the friends and acquaintances of a family in which a death, marriage, or birth has taken place. The ceremonial as regards the Emperor is somewhat curious. On the airst intimation of the event being about to take place, an officer of the housebold is despatched to the Tuilerles to make known the fact separately to his Majesty make known the fact separately to his Majesty and the Empress, and also to the Prince Impe-rial. Their absence at Complegne will on this occasion necessitate a separate despatch by tele-graph to announce the coming event, and their presence in her Imperial Highness apartment will be replaced by the Dukes of Magenta and De Persigny, the Ministers of State and of Justitles; the vicar of the Tuleries being likewise summoned to witness the event. The Imperiat linfagt will be thus inspected, registered, and configurate lated on its sevent in all due form, and without loss of time, which attentions it is to be hoped, it will appreciate,
